Under the law, health care providers need to give patients who don't have insurance or who are not using insurance an estimate of the bill for services

You have the right to receive a "Good Faith Estimate" explaining how much your medical care will cost

- Make sure your provider gives you a Good Faith Estimate in writing at least 1 business day before your medical service or item. You can also ask your health care provider, and any other provider you choose, for a Good Faith Estimate before you schedule an item or service.
- If you receive a bill that is more than your Good Faith Estimate, you can dispute the bill.
- Make sure to save a copy or picture of your Good Faith Estimate.

For questions or more information about your right to a Good Faith Estimate, visit www.cms.gov/nosurprises or call 1-800-985-3059.
